(1) Different people have different physique, so in the beginning, some of us will have different recovery reactions to the products. The following are some examples:

- | | | |
|--------------------|-------------------------|---------------------------|
| 1. Soreness | 9. Frequent micturition | 17. Inflamed skin |
| 2. Pain | 10. Sweating | 18. Breathlessness |
| 3. Numb | 11. Fart | 19. Accelerated heartbeat |
| 4. Twitch | 12. Phlegm | 20. Secretion |
| 5. Itchy | 13. Sleepy | 21. Healing old wounds |
| 6. Dizzy | 14. Flush | 22. Invigoration |
| 7. Irritable fever | 15. Rashes | 23. Vital |
| 8. Shivers | 16. Diarrhea | 24. Thirst |

The reaction above changes or varies for different people. Some people might even experience the recovery reactions twice, but there's no need to be worried. If you can't withstand it, simply take off the clothing, and then put them on again once the symptom is gone. Rest be assured that by continuously using the Tevion negative ion clothing, the recovery reactions will disappear and you will gain a healthier and fit body.

(2) The negative ion clothing has been in Japan for 40 years and so far, there has not been any prolong side effect at all. Please safe to use the products. It helps to improve our health and prevent sickness.

(3) There are also other factors that determine the result of using the Tevion negative ion clothing. As we all know, in order to be healthy, we need to make sure that our blood circulation flow through out our entire body. As such, to get the best results in using the Tevion negative ion clothing, it is highly recommended that you wear the full body set, drink about 3000cc of water everyday and take the L Acidophilus calcium.

(4) The earlier you can to prevent a disease, the higher the chances of you to improve your health.

USAGE AND NOTICE:

- Do not heat the products.
→ Do not wash the products with water over 60°C. Use of drying machine is strictly prohibited as the heat will damage the material.
- Separate from other dirty laundry. The Tevion negative ion clothing can easily absorb dirt so please wash them separately.
- Avoid using antistatic detergent. Do not use antistatic detergent, softner or bleach.
→ The Nefful Natural Detergent is avaiable and is highly recommended.
- Do not scrub the Tevion negative ion clothing with brushes.
